It is surprising that some enterprising individual or individuals have not ere this perceived and availed themselves of the superior advantages afforded by this island for a hotel or house for the accomodation of summer boarders. That portion of it opposite Newport, forming its southern extremity, is peculiarly adapted to this purpose, furnishing facilities for bathing, fishing and the enjoyment of sea air, that are hardly surpassed by Newport itself, to which place it is sufficiently contiguous for all social and practical purposes. A house erected on the high land midway between our west harbor and the west bay would command a view of Newport, the ocean and the surrounding country, and in a very few years would become a popular place of resort both for boarders and visitors, and, in connection with a small steamer to make frequent and regular trips between the island and Newport, would pay a handsome profit. A gentleman residing on the island who accommodates a few boarders during the summer, informed us the other day that he had received more than a hundred applications for board the present season, showing conclusively that it lacks only the necessary accomodations to constitute Conanicut Island a popular and favorite place of resort.

A hotel will at some time, and not very distant, either, be erected on this island; not by its inhabitants, who have no desire to step out of the beaten track of their agricultural pursuits; it must and will be done by non-residents, and Newport capital should step in and reap its advantages before it is done by those from abroad.

LOCAL NEWS.

DISTURBANCE ON THE HILL.—Tuesday night, for some unexplained reason, a detachment of soldiers were brought over from Fort Adams to keep guard at the Ocean House during the Ball. There were ten or fifteen of them, mounted and armed, as we stated in a paragraph yesterday. The thing had never been done in connection with any Ball previously, and the circumstance naturally created considerable stir among the citizens. Men talked about it at the street corners and were indignant, and large numbers proceeded to the Ocean House to view the phenomena of Martial Law being established in a time of perfect peace. In addition to these, were assembled at the place the usual throng of ladies and gentlemen on such occasions, attracted thither by curiosity. It seems there were certain streets and avenues leading to and past the Ocean House that were *tabooed* to the public during the Ball, and these soldiers were detailed to guard them. It is a principle in the nature of man, that if you tell him he cannot do what he knows he has perfect right to, and endeavor to prevent him doing it, he is pretty sure to set about it, even if he had no previous idea of doing so. It was so in this instance. The moment those assembled saw these streets and avenues guarded by United States soldiers who had no more right there than themselves, their "dander" was up, and continued to rise as they saw individuals and carriages summarily ordered about by the soldiers.

About 10 o'clock the Mayor drove up in his carriage, and received the first intimation he had had that any extraordinary measures were to be taken to "preserve order" about the premises. Being told no carriage would be allowed to pass through an avenue open to the public on other occasions, he concluded he was the right man to see the matter, and essayed to pass through in his carriage, when a soldier on foot-clock rode up and ordered him to stop. The Mayor declared his determination to proceed, and told the fellow to go about his business or he would have him put in the watch-house. At the same moment a by-stander informed the soldier that he was addressing the Mayor of the city. The only reply was "I don't care a d——n for the Mayor, or anybody else," and *drawing his sabre* he rushed forward after the Chief Magistrate who by this time had passed up and alighted from his carriage, coming very near trampling him under his horse's feet.

The Mayor at once sent for the Manager of the Ball and asked him what it all meant, and was referred to Col. Magruder. This gentleman on being remonstrated with for the unwise proceeding of bringing a detachment of soldiers into the city under such circumstances, expressed his willingness to remove them "in the course of the evening." The Mayor insisted on an *immediate* removal, or they would be forcibly removed by his orders—*let us withdraw*. The soldiers were immediately withdrawn and sent back to the Fort, and quiet was restored by the colonel's refusal—a collision between the people and the soldiery, and doubtless bloodshed, as a number of the citizens were there determined and *prepared* to remove those soldiers *at all hazards*.

We forbear, in the present excited state of the public mind in relation to the matter, and entertaining as we do the best of feelings towards those concerned, to offer any comments of our own. Indeed, none are needed—the matter speaks for itself.

—THE WEATHER.—Tuesday and yesterday were so decided an improvement on the weather of the past month, as to set everybody in raptures. The thermometer yesterday was at a higher figure than on any day in August. There was scarcely a breath of wind through the forenoon, and the harbor and adjacent waters rivaled in loveliness the famed bay of Naples. The water shone like a vast sheet of silver, reflecting on its surface the sails which hung listlessly from the masts of vessels swinging at their anchors. The day was not uncomfortably warm, and bathing at the Beach was more general than on any preceding day of the season. In the afternoon we had the most sea breeze, refreshing, but not uncomfortably cool.

Visitors who are here *for* comfort instead of fashion, and who, in common with our citizens, must have passed a very uncomfortable season, will, we hope, remain with us through the present month, as there is a reasonable probability of the other extreme now following the long spell of wet and unpleasant weather of last month.

"What fairy like music
Steals over the sea?
Entrancing the senses
With charmed melody."

'Twas not "the voice of the mermaid,' but sweet strains from the Germania Band, on board Mr. Bedlow's yacht, the Narragansett. Mr. B. gave an entertainment to a select party of friends, ladies and gentlemen, about 3 o'clock, yesterday afternoon, during which the yacht got under weigh and sailed several times round the harbor, saluting the yachts at anchor, and being saluted by them in return, the band, in the meantime, discoursing music from their pieces. "Hail Columbia" was done beautifully. After the Narragansett had sailed several times round the inner harbor, the Una got under weigh, and the two stood out past the fort, to test their respective sailing qualities. The Narragansett was dressed from truck to deck with flags, and presented a beautiful appearance.

The Narragansett and Una returned about seven o'clock, when there was more music by the Germanians on board the former, and a grand display of fire-works from both, in which the Una took the lead, sending up some splendid rockets and Roman candles, and burning blue lights. The entertainment wound up on board the Narragansett with a splendid Illumination of the vessel.

His boat was picked up, a few days since, on Block Island.—Address Orrin H. Dowd, Madison, Ct.

THE OCEAN HOUSE BALL.—We are not in consequence of the absence of the Editor from the city, and the absence, likewise the usual facilities extended to Reporters on such occasions of *looking on* at the festivities, unable to give even a general report of the Ball at the Ocean House Tuesday night except from "hearsay," which gives the number present as *two thousand*, and describes the affair as one of the most brilliant of the season.

☞ We saw our neighbor Young, of the fruit store corner Thames and Mill Streets, out Tuesday propelling a boat with two oars, for exercise. If all our merchants and clerks would spend an hour every pleasant day in that sort of exercise, they would soon discover its benefit in improved health and more vigorous frames.

"PLUM GUT."—Bennett's yacht, the Rebecca, was in the harbor Tuesday. We did not learn the route she took through the Sound, but without doubt it was through Plum Gut.

☞There were fire-works, last evening, in front of H. Young's store, corner of Thames and Mill streets, "in honor of the cable." A *fruitful* place, that store of Young's.

☞The yacht Benita takes her final departure, for the season, from our waters to-day. She sails for New York.

☞A joke's a joke, we suppose, if it's nothing more than sending an editor a fine-tooth comb made of pasteboard, "to be inserted in a conspicuous place."

☞ There will be a Hop at the Atlantic House this evening.

A Stranger's View of Newport.

We find the following in a late number of the New York *Daily News*. It may be an exaggeration, and it may not, but we venture to say, notwithstanding, that there is *more truth in it than there ought to be*. The worthy functionaries who execute the laws may read it, and if they "see themselves as others see them," it may not be without its good effect. We have more than once during the season hinted at the difficulties hanging upon Newport like a dead weight and pressing her down, and at the causes, and here is a stranger's view of the same subject. The story of the Pilot is perhaps a sailor's yarn," and should go for what it is worth, but it illustrates a principle, and as such should teach a useful lesson. Here is the letter:

NEWPORT, Aug. 21, 1858.

"The season" here culminated on Tuesday night in a grand ball at the Belle Vue House, and what follows to the 10th or 15th of next month may be considered the *debris* of the gay life of this watering place. The exodus from Saratoga and other fashionable resorts commenced some ten days ago, and Newport is now in the zenith of pecuniary and fashionable prosperity. Yet the hotels are but barely full. However, and the best rooms can be readily obtained at a discount from the prices usually demanded at this period of the year. Upon the whole, the hotel business of Newport has been a failure. Last season was an exceedingly unprofitable one, but it was hoped this summer would witness a better state of things and that those who suffered greatly under the depression of 1857 would retrieve their fortunes under the more favorable auspices of 1858. But these expectations have not been realized. The present Summer has proved but the finish to the disaster begun last year, and the close of the season will show an unpleasant balance against the proprietors of the largest houses here. This is an unpleasant consideration, but the fact exists and cannot be disguised. Newport has grown to be the "sick man" of the fashionable watering places, and with all its superior natural advantages is failing in its attraction as a place of summer resort. The causes of declines in popularity, I think may be found in the manner in which the people of Newport have been in the habit of treating the fashionable geese which have laid them so many golden eggs.

It has ever been the policy of Newport to make as much from the summer visitors as circumstances would admit, against reason, conscience or another consideration, than the desire to obtain and retain the "almighty dollar." As an illustration of this policy, I will give you what is said to be the experience of an old pilot, whose business was to take vessels from Providence to outside of Newport harbor, for which he received about $10. He declared that although he did a good business he was always poor, for it was impossible to get by Newport without leaving the largest part of his pile here. On his first visit to sea, he had piloted a vessel out side and received the accustomed fee. He stopped at Newport, and made a circuit of the drinking shops, not so numerous as those days as now I may premise, and by the time he got round, it was known all over the place that there was a man in town with $10 dollars in his possession. He saw that every means of egress from the place was immediately withdrawn, and he was not only obliged to expend the amount on hand, but to send to Providence for means to get away out of town. The statement of the ancient mariner must be taken with several grains of allowance, and as an exaggeration mainly, but still there has existed, and still does exist, well grounded foundation for his satire.

In times passed the hotels followed a system of "piling up" on the traveler until it came to be a just cause of complaint, and those who possessed the means and desired to enjoy the beauties and health-inspiring air of this delightful location, corrected the abuse, so far as they were concerned, by building or renting cottages. The business people followed in the wake of the hotels, and charged about double price of articles needed by visitors to the place. This for a time was endured, but finally tourists provided against this policy by making purchases at home, or using the facilities of the express, and thus has progressed the war upon both sides until the whole business of the place has dwindled down to nothing. In addition to the questionable policy which I have mentioned, the people of Newport have made another mistake in electing city rulers so straight laced in their notions that the place is governed too much. The guardians of the city are extremely lynx-eyed for abuses of all kinds, and in a constant tremor lest something of an outre character shall escape their notice. So fearful are they that some portion of their duty may be overlooked, that they not unfrequently try to anticipate it, and now and then some poor devil of a stranger finds himself in the "lock-up" upon the Mayor's *ipse dixit* in hopes something may turn up against him. All the places of amusement are taxed to a point amounting almost to prohibition. Every storekeeper is compelled to keep his shop open an entire year or obtain a license from the City Council for a shorter period, and very recently Mr. "Johnny Boquet," the peripatetic and industrious vender of Summer blooms and blossoms, tastefully arranged, found the City Fathers after him with a law framed particularly to meet his case, and forbidding him from vending his wares without a license. All these combinations have tended to depress Newport to the point at which she now languishes, and it only needs a more liberal spirit on the part of the people, and more enlightened views in those who govern to bring her up again to the eminence which she once enjoyed as the finest watering place on this continent.

To this distinction is Newport entitled through the force of her local position. Nature has done so much for her that it seems a pity that the cramping policy of a few narrow-minded men should be allowed to say "cabin, crib, confine" her prosperity. These are random thoughts, but I think the facts warrant their utterance, and I hope they will have their weight."

Holloway's Pills—Hospital practice.—It is supposed, by the uninitiated, that hospital patients have the advantage of skilful treatment and careful attendance. The truth is, they are too often merely the subjects upon which raw students try their "practice hands." The best hospitals for the sick are their own homes, and the only medicines they need are Holloway's disease-subduing remedies. Let the weakened, broken-down, attenuated, and hopeless sufferers from liver complaint, dyspepsia, asthma, hemorrhoids, or any of the internal maladies which baffle the profession, supply themselves with Holloway's Pills, and they can speedily work out their own cure, and smile as they remember the doleful predictions of the doctors.

THE TELEGRAPH JUBILEE.

Great Enthusiasm in New York.

NEW YORK, Sept. 1.—We have a most beautiful day, a clear sky, warm sun, and cooling northwest breeze. Preparations for the grand fete to-day have been going on in Broadway nearly all night, and at early morning that thoroughfare presented a most animating appearance. Platforms and temporary balconies are plentiful along the whole route marked out for the procession, while throughout the city, flags, appropriate devices and mottoes are more numerous than ever before at any celebration. Many buildings on Broadway are most gorgeously decorated, and the most lavish preparations are made for the evening illumination. Haughtwout's warehouse alone will show 8000 variegated lights.

People began to flock into the city from the suburbs at an early hour in the morning, so that before 9 o'clock Broadway was crowded to excess.

The grand telegraphic banquet does not take place until to-morrow, when it will come off at the Metropolitan Hotel.

MEMOIR of Joseph Curtis. A Model Man. By the author of "Married or Single?" "Means and Ends," "The Linwoods," "Hope Leslie," "Live and Let Live," &c., &c. 16mo, Muslin, 63 cents.

Joseph Curtis was a merchant and a philanthropist. In the course of an unobtrusive and laborious business life of over fifty years, he proved how very much practical good can be accomplished in any society by a man of small means, but large and active faith. As the leader of the Manumission movement in New York, the originator and first superintendent of the Juvenile House of Refuge, and as a most active and practical member of the School Board, his name will live in the memories of the citizens of New York. As a cordial, kind and loving family father, his life is a model for all. Miss Sedgwick's memoir is a plain statement of facts, without eulogy other than that contained in the facts themselves. Mr. Curtis's career is worthy to be held up to all the youth of our land as a model.

HAMMONTON LANDS. NEW ENGLAND SETTLEMENT.
RARE OPPORTUNITY.—TO ALL WANTING FARMS—in a healthy place, *twenty-five miles* from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is of *the best* quality for the production of fruits, grains, &c. The price is $15 to $20 per acre, payable in easy quarter yearly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling *every industrious man to buy a farm.* It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with *a clay bottom* and *retentive* of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brick-yards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at the first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will be at once struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cts per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land: Leave Vine street wharf, Philadelphia, for Hammonton by railroad at 7 1-2, A. M., and 5 1-2, P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 South FIFTH Street, below Walnut, Philadelphia, Maps and information cheerfully furnished. a26

Medicines.

THE LIVER INVIGORATOR:
PREPARED BY DR. SANFORD:
Compounded Entirely from Gums,
IS One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR

The liver is one of the principal regulators of the human body; and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, WHAT IS better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while one dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHOEA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ **Mix Water in the mouth with the Invigorator, and swallow both together.**

THE LIVER INVIGORATOR
IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a **Diseased Liver.**

THE Restorative of Prof. O. J. WOOD for restoring hair perfectly and permanently has never yet had a rival. Volume after volume might be given from all parts of the world and from the most intelligent to prove that "it is a perfect Restorative;" but read the circular and you cannot doubt; read also the following:—

☞ THE HAIR.—People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the tiniest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition making it soft and glossy, removing dandruff and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—[Woman's Advocate, Philadelphia.

Coshocton, Ohio, Nov. 17, 1856.
O. J. WOOD & CO—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Heckinson,) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours. Being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell.
Yours truly,
S. T. STOCKMAN.

Wayland, Mass., Feb. 5, 1857.
PROF. O. J. WOOD & CO.—Gents: Having realized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth, both of which it has effected completely. In the operation I have used nearly three bottles.
Yours, &c., JAMES FRANCIS.

Medicines.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured, Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1

A CARD TO THE LADIES.

Dr. DUPONCO's Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstructions from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature, and whenever that is the case, the Pills will invariably remedy all these evils. Nor have they been used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, near Church st., and at 12 Washington Square, opposite State House. Orders by mail, enclosing $1, will be supplied at lowest possible prices. Ladies by enclosing $1 to STEVENS & CO., Box 84, Newport Post Office, can have the Pills sent (confidentially) by mail to any part of the city or country.

Medicines.

DR. DOW'S

GRAND MEDICAL HOUSE AND OFFICE,

NO. 7, ENDICOTT-ST., BOSTON. NO. 7.

Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania, Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhoea, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time.

Now is the time to use the Great Spring and summer Medicine.

Dr. LANGLEY'S ROOT AND HERB BITTERS.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.,—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigor, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaint—that main-wheel of so many diseases—Jaundice in its worst forms, all Billious diseases and Foul stomach, Dyspepsia, Costiveness, Humors of the blood and skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of appetite, and all kindred complaints caused by a torpid or diseased Liver, a disordered stomach, or bad blood, to which all are more or less subject in spring and summer.

If taken in large doses, fever and ague may be broken up and cured at once. This has become a standard medicine, and is decidedly the *best* the world ever saw.

Price only 25 cents for the pint, and 37 1-2 cents for the quart bottle.

Sold by all medicine dealers everywhere.—Orders should be addressed to J. O. LANGLEY, Proprietor, 11 Marshall street, Boston, Mass.

ROSE MARY.

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TREAX, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

Medicines.

TO THE LADIES—The celebrated Dr. Dix particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No 21 Endicott street, Boston, which they will find arranged for their especial accommodation.

Dr. Dix having devoted over 46 years to this particular branch of the treatment of diseases peculiar to *females*, it is now conceeded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and affectional treatment of all female complaints.

Dr. Dix's French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or ficticious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—21 Endicott street.

N. B. All secrets are most strictly confidential.

All letters will be promptly answered. Address Dr. L. Dix, 21 Endicott st., Boston.

CONFIDENTIALLY to the afflicted.—Dr. L. DIX still continues his old establishment, 21 Endicott Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Dix has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquanted with them, that, without boasting, he will warrant an effectual cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professes to be eminently skillful in curing gonorrhœa, gleet, strictures, syphilis in all its stages, primary, secondary, tertiary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, and if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No., as Dr. Dix has nothing to do with any other office but 21 Endicott st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate

All letters requiring advice must contain one dollar, or no notice will be taken of them. Address D. L. Dix, 21 Endicott st. Boston. jy1 1y d

LADIES' DELIGHT!

RELIEF COME AT LAST.

J. WISNER'S Washing Machine, Patented Sept. 25th, 1854, is a large tub with zinc fitted on the bottom, also on the under side of the rubber. It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public. It has been tested sufficiently long to prove that whenever it has been used properly, it will tell a better story for itself than I can communicate. Give it a trial, and you will be entirely satisfied of its superior merit.

LOTTERIES.—The well known Maryland Consolidated Lotteries of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

If required they can give the best of references as to their mode of attending to matters of this kind.

DOWNING respectfully informs cottagers and others, that he is prepared to furnish them with Ice Cream of a superior quality, at reduced rates. The quality of the same shall be equal, if not superior, to any vended. He would remark that the cream made "at home" in the "patent freezers," cannot compare, for softness and delicacy of flavor, with that made with much more labor; as the construction of the machine will not admit of the manifestation necessary; besides, his patrons may have the advantage of a great variety in flavor and composition, some of which are made exclusively by him; he has fancy, petit, and statuary forms.

Charlotte de Russe, Jelly Cake Pies, and all other confectionery furnished. Also, Soups, Pattie, Truffles, Game, Boned Turkeys, and other jellied dishes.

The superior Black Hamburg Grapes on exhibition in his window, may be had at $1 a pound.

Matinee, Dinner and Evening Parties at cottages supplied. Game suppers furnished to order in an adjoining cottage.
